AREAS FOR EVERY NEED

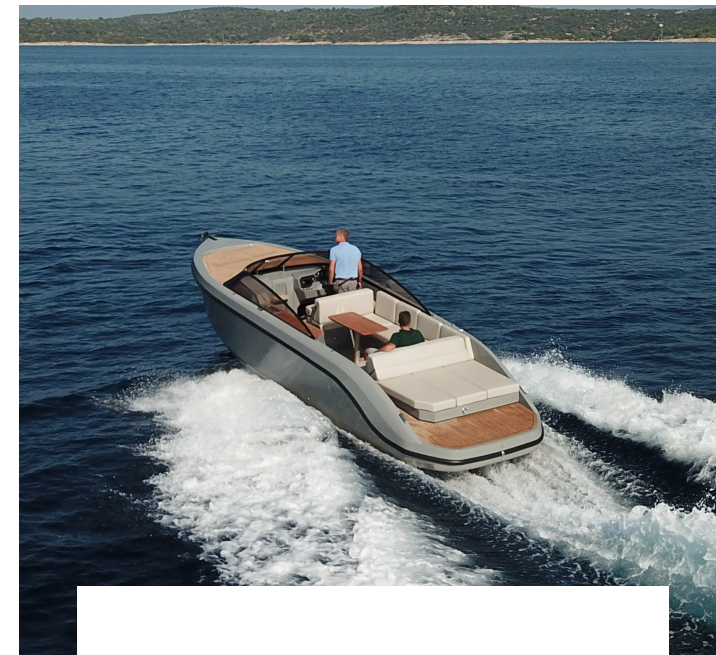

Step aboard the Leisure 28 and be transported to a world of relaxation and luxury. The expansive layout features a triple aft sun lounge, expandable oversize u-shaped sofa with table, fully equipped kitchen, spacious captain seat and 2-split door toilet. The lower deck is a spacious 2-person cabin, providing the perfect retreat for the end of the day.

ADAPTABILITY

Leisure 28 offers massive storage rooms and an adaptable layout with flipping back rests so you can adapt the boat on the go. We also understand that every boatowner wants different things, therefore, you can highly customize your Leisure 28 with the RAND Boats configurator. Here you have a lot of options and extra equipment like, bimini top, extended sunsail, Bang & Olufsen speakers, bow thruster and much more.

BELOW DECK

Experience the freedom of Leisure 28 with its naturally illuminated cabin. The queen size bed and storage shelves provide comfortable accommodations for a weekend trip on the water. As you enter the cabin, you'll pass through the 2-split door, which leads to the electric toilet - ensuring that your living comfort on the Leisure 28 is complete.

UNIQUE DESIGN

With its stunning design featuring beautiful lines, surfaces, and details, as well as an impressive amount of space and freedom to move around, Leisure 28 is the perfect daycruiser. A daycruiser with the combination of beautiful line and exceptional performance. Whether you're sailing at high speeds in smooth waters or tackling rough waves, Leisure 28's fun and engaging steering will keep you stable and safe.

INNOVATIVE HULL DESIGN

The lightweight construction and wave-piercing hull is a fundamental part of RAND Boats. This makes Leisure 28 highly qualified when speaking of achieving superior performance and low consumption of fuel or electricity depending on engine selection. Combined with the sustainable production, Leisure 28 will be an environmentally friendly choice, even with a gasoline engine.

INTERACTIVE COCKPIT

The steering console are created around effortless sailing, giving an extremely user-friendly interface where everything is within reach of the captain. The interactive touchscreen also includes navigation and sailing information such as speed, fuel consumption, light controls etc. As a part of RAND's intelligent boating, the steering console is fully connected to the RAND-app giving you real-time remote access, live updates, GPS fence for thief protection, intelligent AI user modes and much more.

ELECTRIC PROPULSION

With electric propulsion you will get low running cost, almost non-existing maintenance, silent motor, more advanced interface systems, plug-and-play simplicity, and boating with no harm to the environment. The 265kW motor gives you incredible acceleration and a top speed of 40 knots. Combined with a battery capacity on 117,5 kWh you get the opportunity of high-speed sailing, but also a long silent cruise with a range of 40NM by 10 knots and 25NM by 20 knots.

PETROL PROPULSION

Leisure 28 also comes with traditional petrol and diesel engines. Three different engines, both in- and outboard, from 270 to 350 HP making sure that Leisure 28 have an engine for every need. With a tank capacity up to 315 liter you have many hours of sailing with a cruise speed around 25 knots and you can even get a top speed of 45 knots.
